SUGGESTIONS AND RECOMMENDATIONS

- The college should recruit female non- teaching staff in the office.
- The college should recruit security guard in the entrance of the college to keep vigilance on the entry of visitors.
- The college should conduct more gender sensitive programmes and awareness programmes to groom our students gender- friendly.
- To arrange parent- teacher meet on regular basis to address the problems and hindrances which restrict girl students in their aspiration of higher studies.
- To arrange self- defense training programmes and workshops on regular basis to make girl students self- dependent.
- To ensure every possible aspect of keeping the campus safe and gender sensitive for students irrespective of their caste, class and gender.

CONCLUDING REMARKS

The Gender Audit conducted by the Lokepara Mahavidyalaya attempted to cover every possible indicator of analysing the gender sensitive environment within the campus and the adequacy of facilities provided to its students, both men, women and third gender. The findings of the audit reflect a highly satisfactory response from the end of students. In most of the points they are highly satisfied. In few matters like security their response indicates the need of action. As a result, CC tv cameras are installed in some important places of the college. Lokepara Mahavidyalaya with its teaching and non- teaching staffs try to provide a healthy environment where students can participate positively irrespective of their gender. In matter of class leadership, NSS, Sports, cultural activities women can perform equally along with men is ensured by the college authority. Women teachers being the majority in the college encourage students to respect every person equally, which has set the tradition of gender inclusivity within the college campus.
